The lecture took place in Room IT 404, Faculty of ICT, Mahidol University, Salaya, from 09:30 to 11:00.

This lecture was part of the “Faculty's Good Governance Development Project, Fiscal Year 2023”. It aimed at enhancing staff's knowledge and understanding of guidelines, regulations, and practices, enabling them to effectively apply them in their daily tasks.

Furthermore, it corresponded with the criteria of the Integrity and Transparency Assessment (ITA), which involve promoting organizational culture, and implementing measures to enhance ethics and transparency in operations.

The lecture topic was derived from the Comptroller General's Department and Mahidol University's guidelines on procurement with a small budget supply. It focused on promoting convenience, efficiency, and streamlining of work processes in alignment with the Ministry of Finance's Regulation on Public Procurement and Supplies Administration B.E. 2561 (A.D. 2018), document no. 0405.2/119 dated March 7, 2018 (B.E. 2561). In addition, the Faculty utilized petty cash as a funding source for procurement, which had been implemented for a period of time. Therefore, to review and ensure consistent practices, this lecture was organized to create a shared understanding of accurate information.
